EXPERIENCE

Techinnover Analytics Limited, Lagos Ng— *Frontend Developer*

september 2022 - PRESENT

- Designed and developed user interface for web applications and websites.
- Wrote well-structured, maintainable, and efficient code.
- Worked with back-end engineers to integrate front-end and back-end components.
- Tested and debugged front-end applications.
- Optimized front-end applications for performance and accessibility
- Collaborated with designers, product managers and other stakeholders to deliver high quality user experience.

Pepperest, London UK— *Frontend Developer*

November 2021 - August 2022

- Developed the business website, Maintained active conversation with the team to ensure the app met his needs and Researched to aid development.
- Fixed a memory leak issue that affected the daily usage of the application for users.
- Played a key role in merging designs and application code to the finished, skinned, functioning product.
- Work closely with clients, and incorporate feedback from product management, designer teams, and the backend engineers.
- Leveraging responsive web frameworks to complete deliverables ahead of schedule.

SKILLS

Soft Skills: Problem-solving, Leadership, Communication, Adaptability.

Programming Languages: Javascript, TypeScript,Python, HTML, CSS.

Frameworks/Libraries: Node.Js, Express.Js Vue.Js, React, Next, Electron, GraphQl

Testing: Jest, Cypress

Databases: MongoDB, MySql, FireBase

Tools: Git, Atom, VS Code, Azure DevOps, Jira, BitBucket

LANGUAGES

English, Hausa, Yoruba.

Cura Assistant Gmbh, Frankfurt, Germany— *Frontend Developer*

May 2021 - Feb 2022

At Cura, I was responsible for building and maintaining the web application for a saas product using Vue and integrating APIs to power the application. Cura-assistant offers Computer Software Development and, Professional Scientific Services. Some of my achievements include:

- Led a small team of developers to successful product launches
- Setup build process to speed up the delivery of applications
- Improved software application speed by over 40% by removing large libraries and writing smaller and cleaner libraries to perform specific tasks
- Improved user interface and experience of web applications by rewriting application logic and revamping user interfaces which improved performance.
- Led the adoption of engineering practices and technologies
- Developed and maintained desktop and web applications.

Quicktell Solutions, Minna Nigeria— *Software developer*

Nov 2019 - Jun 2020

- Improved user interface and experience of web applications by rewriting logic and revamping user interface which improved performance of numerous software.
- Implemented UI design for Timart(Desktop), using Electron with React, Redux, and Material UI.
- Design the best architecture for the project we develop, keeping up to date on new technology and choosing the best tools for the app
- Interacting with customers and aligning product features based on aggregated customer feedback
- Integrated payment systems for the web application

EDUCATION

Ibrahim Badamasi Babangida University Lapai. Niger State— *Bsc.*

JANUARY 2013 - AUGUST 2017

- Followed my passion for mathematics
- Excelled in programming courses and related activities.

- Earned a Bachelor's degree in Mathematics Science.

Federal Science College, Sokoto— *Senior School certificate Examination*

2009 - 2012.
